

I am horrified that K-LOVE may have to be kicked off the air waves. I listen to K-LOVE daily and prefer it to secular stations because of the Christian content. I feel it would be a gross injustice to have undesirable formats have priority over K-LOVE programming. By supporting K-LOVE, my money is speaking for me and so many others in my community. Government has already kicked God out of public schools, court rooms, city parks, etc. Now it is time for God to be kicked off the public air waves. I THINK NOT!!!!
